DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

ART REJECTION:

Claim Rejections - 35 USC § 102

2. Claims 1-3,8-11,14-15,17-18,20-21,25-27,32,34-36, and 40 are rejected under 35 U.S.C. 102(e) as being anticipated by Padmanabhan et al(Padmanabhan).

Allowable Subject Matter

3. Claims 4-7,12,16,23-24,28-30,33,37-39,41-43 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
4. Claims 13, and 44-52 are allowed.

REMARKS:

Response to Arguments

5. Applicant's arguments filed 11/17/2006 have been fully considered but they are not persuasive. Applicant is arguing that Padmanabhan does not read on the claimed subject matter because a regenerative surface air sampler is not taught. However, the applicant's invention is the sensor which is based on a regenerative surface air sampler, and not the air sampler itself. In view of this, Padmanabhan does teach the sensor as discussed in the previous office action, and is taught being used for an air sampler.

Art Unit: 2612

Therefore implementation of the sensor based on the regenerative air sampler is as well met, since the sensor would have been useable based on any form of air sampler.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
